

## CONDENSED LOCAL ITEMS

Mrs. Harriet Hapai is visiting her sister Mrs. Paul Bartels at Honolulu.

The First Foreign Church, used for the first time on last Sunday, the new hymnals.

Mrs. D. W. Marsh leaves on the Enterprise for a visit with her parents, Mr. and Mrs. D. C. Vestal of San Jose, California.

You will find it a pleasure to sew if you will give one of our new Singer Automatics a trial—Moses & Raymond.

Gov. John T. Baker expects to leave on Friday for an extended trip through Canada and the States, to be absent four or five months.

Ex-Sheriff Baldwin, as Territorial Sheriff, dismissed the entire police force of Maui, but Sheriff Saffrey reappointed most of them as county police.

Capt. Wm. Matson and party were passengers to Honolulu on the Enterprise and will return to San Francisco direct by the Oceanic Steamship Company.

At a meeting held Saturday afternoon, the Shippers' Wharf Committee decided to authorize the closing of Front street to Waiakea bridge, Church and Waianue streets.

If you wish your coffee to bring the highest market prices let the Hilo Coffee Mill clean, classify and place the same on the market for you. Liberal cash advances made on shipments.

There is no danger of infection from contagious diseases, if you have your laundry done at the Honolulu Sanitary Laundry. Clothes shipped to Honolulu and returned free to customer.

On Friday of last week, a lady tourist at the Volcano House wandered too far from the trail to Kilauea-iki and was found about midnight up a tree, where she had decided to spend the night secure from wild animals.

Harry Gregson, of Kailua, who has been in Hilo for the past two weeks, returned to his home on Friday to attend a meeting of the newly organized Young Men's Republican Club at that place. The club was founded by Mr. Gregson immediately after the election and is a popular movement, promising to alter the political aspect of the Kona in the future.

## See the Pretty Things.

As previously announced, J. D. Kennedy has just opened up and placed on sale at his modern establishment one of the most elegant and varied assortment of cut glass and silverware ever seen in Hilo. The display contains a variety of the latest designs in cut glass and silver articles suitable for the boudoir and dining room. He has also received a new assortment of souvenir spoons which are something new and original and are acceptable gifts by anyone. A visit to his salesrooms will be fully repaid, by a vision of the pretty things now on view there.

## Officers Installed.

The following officers were installed in Court Mauna Kea, Ancient Order of Foresters, at their hall, on Monday, July 10th:

Promotions. Henry Martin, senior captain, Hilo, from lieutenant; J. Kani-lau, lieutenant, Hilo, from private; Leona Kamahale, captain, Puna, from private.

## Played Ball in Kau.

EDITOR TRIBUNE:—As we played almost as good a game of ball here on the fourth as they played in Hilo, I thought I would send you a report about the game and other sports as well.

Waiohina won over the Naalehu team by a score of 7 to 2. It was a hotly contested game from start to finish. There were also about twelve other events, such as races, hammer throwing, putting the shot, etc. in which everybody took an interest, the winner getting a cash prize for his trouble. E. A. Irish, the school agent, tendered the use of the new school house at Waiohina in which the dance was held in the evening.

Altogether the celebration was not as hot a time as we had at the primaries, but very good considering.

KAU.

## Card of Thanks.

Mr. and Mrs. John A. Scott wish to thank their friends for the kind expressions of sympathy in their recent bereavement.

## MRS. SCOTT STRICKEN.

After Removal From Reed's Bay Develops Diphtheria.

The recurrence of diphtheria in the family of John A. Scott on Wednesday last, when Mrs. Scott developed symptoms of the disease after her return to Wainaku Lawns, has caused a feeling of alarm in the community. The sad death of Miss Florence Scott was a shock to everyone, and the fact that her aunt who nursed her during her last illness, contracted a similar throat trouble has aroused fears of a possible epidemic of diphtheria.

Dr. C. L. Stow of the Board of Health, says there is no grounds for this belief, as the Scott household have been quarantined and every precaution taken to guard against the spread of the disease. Only Mr. Scott, the attending physicians and the nurse are permitted in the sick room, and the other members of the family are segregated in another portion of the house. No member of the house is permitted to leave the premises and all outside communication is cut off except by telephone.

Mrs. Scott's condition is improving, diphtheria antitoxin having been successfully used on two different occasions. When the local supply of antitoxin was exhausted, an additional quantity was secured from Honolulu on the Enterprise. There is no apprehension felt as to the spread of the contagion, and Mrs. Scott is reported out of danger.

## WILL BE REPRESENTED.

Crack Rifle Shots of Company D Will go to Sergeant.

Arrangements have been made by the War Department looking to the sending of a rifle team from the National Guard of Hawaii to the National shooting match to be held at Seagirt, New Jersey on August 25th of this year.

Upon recommendation of Capt. W. A. Fetter based upon the best shooting records in Company D, the representatives from the Hilo organization selected to make up the rifle team from Hawaii, are Sergt. J. D. Easton, Corporal H. H. Morehead and Private Wm. Todd.

Pay, subsistence and transportation incident to the trip will be furnished, and it is the purpose to send the best rifle shots, as there are many trophies and cash prizes to be won. It is expected that a fund of information concerning rifle shooting which will be of great benefit to the National Guard and which will materially increase the efficiency of the organization, will be obtained from the trip.

There will be many teams from every state and territory in the Union including rifle teams from the Army, Navy and Marine Corps. Aside from the question of the efficiency of the militia, the advertising feature attending a delegation of crack rifle shots from Hawaii will result in great good for the Territory.

## Death of F. S. Clinton.

The details have been received of the death of F. S. Clinton, who was found dead in his bed at Kohala, Hawaii, Thursday morning, June 29th. Eddie Quinn, who was sleeping in an adjoining room, was with the deceased the night previous, and when he left the house at 4 o'clock in the morning, Mr. Clinton was sleeping soundly. At 8 o'clock when occupants of the house went to his room to arouse him, he was found dead. As he was subject to heart attacks, it is supposed he died between the hours of 4 and 8 o'clock. After an examination by Dr. B. D. Bond, heart disease was pronounced as the cause of death.

The remains were taken to Honokaa for interment. A large number of relatives and friends from Kohala, Waimea and other points in the vicinity accompanied the remains to Honokaa. The funeral took place from the Honokaa lyceum Friday morning, at 10 o'clock, under the auspices of Maile Lodge No. 4, Knights of Pythias. There was a profusion of flowers and floral gifts from friends in Hamakua, Waimea and Kohala.

F. S. Clinton was born at Bowmanville, Ontario, Canada, July 28, 1860, and was nearly forty-five years of age when he died. Mrs. Clinton was visiting her mother in Honokaa at the time of her husband's death, and to all those who extended a helping hand and kindly sent expressions of sympathy during the hour of her bereavement, she desires to tender her sincere thanks.

## Salvation Army.

I wish to correct the statement made in the Herald last week, as to the evening meetings being discontinued, at the Salvation Army.

The work is carried on the same through the Summer. Meetings through the week as follows: Tuesday, Thursday and Saturday nights of each week, Gospel meetings are held at eight o'clock, Hall on Front Street.

On Sunday at eleven o'clock a. m. Holiness meeting. 1:30 p. m. children's meeting, and in the evening Gospel meeting. Christian friends are kindly invited to attend these meetings to assist. We are interested in the people of Hilo and our only desire is to do good. Every one gladly received at these meetings.

We are also glad to call in homes where there is sickness or where our service is otherwise needed.

Officer in charge,  
CAPT. I. BARKER.

## HILO HIGH SCHOOL.

The Principal Appointed and Work Outlined.

Preparations are being made for the organization of the Hilo High School as provided in Senator Brown's law enacted by the last legislature. A special committee of the Board of Education in Honolulu, consisting of Commissioners Farrington, Wight and Ai held a conference with Superintendent Davis and Normal Inspector King, when the plans for putting the high school in operation were discussed.

The problem before the Commissioners was whether they should start the High School work of Hilo at the beginning of the next school year as a separate organization or wait until the new High School building was erected and then begin the independent organization. There are two classes in the Union School now doing High School work. The committee decided that it was better to have the High School organized independently from the outset as seemed to be contemplated by the law passed by the last Legislature over the Governor's veto.

After thoroughly discussing the situation it was unanimously voted by the committee to recommend the appointment of F. A. Richmond as principal of the Hilo High School. Mr. Richmond is a Stanford graduate and has been vice-principal of the Honolulu High School under Prof. Scott.

Mr. Richmond will be expected to do the work practically of two teachers and devote all his time in school hours to classes on account of the shortage of the funds at the disposal of the Educational Department. Mr. Richmond was the only applicant for the place.

Superintendent Davis will ask the Public Works department to call for competitive designs for the Hilo High School building as soon as the Hilo Board of Trade is heard from and a decision is reached on the school site. It is hoped to secure for Hilo the best High School, for the money, to be had in the Territory.

At a meeting of the Board of Trade on Friday night it was decided to recommend the Riverside school site for the new Hilo High School, and to remove the present Riverside school to the Masonic Hall lot opposite, giving in exchange therefore the property at the corner of Bridge and Waianue streets.

## DOES GRACEFUL THING.

Capt. Matson Pays Banana Shippers for Losses.

In a conference with a committee of the Board of Trade consisting of J. W. Mason, L. Turner and H. Vicars, Capt. Wm. Matson agreed to reimburse banana shippers at the rate of twenty-five cents a bunch for all fruit left behind on the last trip of the Enterprise.

This conclusion was reached after a prolonged conference of the four gentlemen named at the Board of Trade rooms Tuesday last. At the beginning of the interview, when Mr. Mason of the committee talked of "responsibility" of the vessel for the loss to the growers and the obligation which rested on Capt. Matson to make good this loss, the latter gentleman refused point blank to discuss the matter. The colloquy which followed threatened to frustrate the object of the interview, but the other members of the committee spread oil upon the troubled waters and a satisfactory basis of settlement was agreed upon. Disclaiming any liability or responsibility whatever for the inability of the steamer to accept more bananas than its carrying capacity, Capt. Matson said he did not wish to see individual shippers of small means suffer any loss and directed his agent R. T. Guard to reimburse the parties who had suffered loss, the sum of twenty-five cents for each bunch left behind. He further instructed his agent to accept only 6,500 bunches for each trip of the Enterprise and to require all shippers to secure permits in advance of shipments, indicating the space desired. All space reserved under this plan would have to be paid for, whether occupied or not. Mr. Mason immediately made application for space for 1,500 bunches for each trip of the Enterprise and applications from smaller shippers have likewise been received.

## Gems From Kau Weekly.

Following are a few news items culled from the last issue of the Kau Weekly, published at Honaunau:

Who said said the Kau Weekly would die a natural death if Thompy left the District? Maybe it was Makino.

Land Commissioner Pratt is soon to visit our district; he will be the guest of Senator Hewitt.

Has any of the stockholders investigated the sale of live stock belonging to the place in 1903? It would be interesting reading, if only to show the way everything has been conducted since.

Wonder if the countless jackasses killed and used as fertilizer were charged to improvements? If the stockholders have no kick coming, the jackasses have. Wonder if the Ross Jackass is still alive. Possibly he would not be good fertilizer.

A little Jappy, a well known Gomasuri, is now the new confidential friend of the Russian Sympathizer. He may find it to his advantage to adopt him. They are enough alike to be brothers. How pretty they would look with feathers on. A barrel of tar has just arrived and every one is saying "feathers." Perhaps it may mean something.—Kau Weekly.
